# 4. FIRST AID MEASURES

General advice	Get medical attention immediately. Remove contaminated clothing and shoes. Take a cop of the Safety Data Sheet when going for medical treatment.	
Eye contact	IF IN EYES: If contact with eyes, immediately hold eyelids apart and flush with plenty of water for at least 15 min.	
Skin contact	IF ON SKIN: For skin contact, immediately wipe away excess material. Use a waterless hand cleaner to remove as much of the remaining material as possible. Wash with soap and water. In serious cases, use emergency shower immediately.	
Inhalation	IF INHALED: If inhaled remove to fresh air. If not breathing, give artificial respiration. If breathing is difficult give oxygen.	
Ingestion	IF SWALLOWED: If swallowed, do not induce vomiting. If swallowed, give victim several glasses of water. If vomiting does occur, give additional fluids.	
Most important symptoms and effects, both acute and delayed		
Symptoms	Eye, Skin, and Respiratory Irritation.	
Indication of any immediate medical attention and special treatment needed		
Note to physicians	Allow cortisone spray inhalation at first possible opportunity. Treat symptomatically. For additional information, see Safety Data Sheet.	

# 5. FIRE-FIGHTING MEASURES

#### Suitable extinguishing media

This material does not present any unusual fire or explosion hazards. Material does not burn. Use extinguishing measures appropriate to the source of fire.

Unsuitable extinguishing media Not Applicable.

#### Specific hazards arising from the chemical

Not Applicable.

Explosion data Sensitivity to Mechanical Impact Not available. Sensitivity to Static Discharge Not sensitive.

## Protective equipment and precautions for firefighters

Wear self-contained breathing apparatus and protective suit.

# 6. ACCIDENTAL RELEASE MEASURES

Personal precautions, protective equipment and emergency procedures			
Wear personal protection equipment (see section 8). Avoid contact with eyes and skin. Avoid inhaling mists and vapors. Keep unprotected persons away.			
See Section 12 for additional ecological information.			
Methods and material for containment and cleaning up			
Prevent material from entering surface waters, drains or sewers and soil. Contain any fluid that runs out using suitable material (e.g. earth).			
Neutralize with soda ash or crushed lime, and flush to the drain. Empty containers may be recycled or triple rinsed and disposed in landfill.			
7. HANDLING AND STORAGE			
Keep out of reach of children. Replace caps on containers after use. Protect from physical damage.			
Conditions for safe storage, including any incompatibilities			
Store in a cool, well-ventilated area away from heat and oxidizing agents.			
Neutralization occurs when product combines with strong alkali.			

# 8. EXPOSURE CONTROLS/PERSONAL PROTECTION

#### Control parameters

Exposure Guidelines <u>Appropriate engineering controls</u>	This product, as supplied, does not contain any hazardous materials with occupational exposure limits established by the region specific regulatory bodies.		
Engineering Controls	General/Local Ventilation Recommended.		
Individual protection measures, such as personal protective equipment			

Eye/face protection	Wear safety glasses with side shields (or goggles).	
Skin and body protection	Wear impervious protective clothing, including boots, gloves, lab coat, apron or coveralls, as appropriate, to prevent skin contact. Wear chemical resistant gloves at minimum. Wash skin immediately upon contact. Wash hands at mealtime and end of shift.	
Respiratory protection	Use respiratory protection unless adequate local exhaust ventilation is provided or exposure assessment demonstrates that exposures are within recommended exposure guidelines. Where concentrations are above recommended limits or are unknown, appropriate respiratory protection should be worn. Follow OSHA respirator regulations (29 CFR 1910.134) and use NIOSH/MSHA approved respirators.	
General Hygiene Considerations	Handle in accordance with good industrial hygiene and safety practice. Wash hands before and after breaks and at the end of the work day.
